

# SMART START 2020

## Nome Public Schools

### Re-Opening Plan

(Updated Plan as of 8/11/2020)

As we plan for the 2020-2021 school year, our guiding principles are 1) Prioritize safety of students and staff 2) Students in school for as many days possible for as long as possible and 3) efforts must be made to ensure equitable access to education for all students. We must balance the educational, social and emotional needs of our students with the need for a safe and healthy school and community. **As health conditions evolve and more information is available, some areas of this plan may need to change.** We will work to communicate school specifics and student details throughout the school year, especially as changes are made.

Our planning is based on guidelines from the Alaska Department of Education and Early Development (DEED) and the Department of Health and Human Services (DHSS), and we will work closely with our health partners at Public Health and the Norton Sound Hospital to anticipate shifts between Learning Models based on community case numbers and risk of community spread.

LOW RISK (GREEN)	MEDIUM RISK (YELLOW)	HIGH RISK (RED)
14 days without community spread cases; low risk of community spread – determined by regular conference with NSHC/PHN	Some active cases from community spread, medium risk of community spread – determined by regular conference with NSHC/PHN	Many active cases, high risk of community spread OR Active case(s) in school – determined by regular conference with NSHC/PHN
Students in Class; Heightened Safety Precautions	Hybrid Learning Model; Students in Class Two Days/Week + Learning at Home	Fully Distance Learning; Method of Delivery Depends on Student Need & Access
